

Seniors Return From Prestigious Research Programs

By Debi Peterson '74

After 10 weeks this summer of working "right in there" with doctors and researchers, three Juniata seniors returned to campus this fall with sharply realistic views of the demands involved in medical careers. They also came back more determined than ever, however, that medicine is the right profession for them.

One of the seniors, Kimberly J. Norris of Huntingdon, took part in the 22nd annual Research Participation Program in Science at Roswell Park Memorial Institute, Buffalo, N.Y. The others, Beverly A. Baum of Elizabethtown and A. David Mingle of Roaring Spring, participated in a study program in cardiology at Deborah Heart and Lung Center, Browns Mills, N.J.

According to Dr. Robert P. Zimmerer, professor of biology, both programs are nationally prestigious. Baum and Mingle were the only undergraduates involved in the Deborah program — all the rest were postgraduate students with M.D. degrees. Norris, who was among more than 1,000 top science students in leading undergraduate institutions across the nation to submit applications, was one of approximately 40 selected to participate in the Roswell Park program.

Dr. Zimmerer, who first urged the threesome to submit applications, also points out that these special programs are but two of the many in which Juniata's natural sciences division participates. Others include federally-funded summer research on campus, participation in the Argonne National Laboratory programs in atomic and nuclear energy, and special projects at the Marine Biological Laboratory, Woods Hole, Mass.

The Roswell Park project, administered through the New York State Department of Health, combines actual laboratory research experience (under the supervision of senior staff members) with lectures, seminars and scientific films.

It has three main objectives: "to introduce the participant to an atmosphere of intensive research where he will be in constant contact with research scientists and be continually challenged by them; to aid him in developing his own philosophy of science, and to give him an opportunity to discover his own scientific creativity; and, if he has not already decided on a field of specialization, to aid him in planning his career."

The experience is also designed to increase student appreciation of the importance of research and offer opportunities to develop skills, habits and attitudes useful in scientific investigation.

While at Roswell Park, Norris worked under the supervision of Dr. Dilip Sinha, assistant research professor in physiology. She was assigned to the endocrinology laboratory and, in particular, the department of breast surgery.

In addition to working in the lab from 8:30 a.m. to 5 p.m., Norris wrote papers, attended seminars and worked on her own project, "The Interrelationship of Estrogen and Prolactin in Mammary Development."

As Roswell Park is considered one of the world's leading cancer treatment facilities, Norris' work dealt specifically with cancer research. Her project investigated the different effects of hormones on the mammary glands, with the eventual goal of finding some type of hormonal treatment for breast cancers.

While all the results from her research are not yet in, Norris feels she was very successful in her experience at Roswell Park. Following her

expanded exposure to minor surgery and laboratory techniques, further, the Juniata senior has decided definitely on a career in research or veterinary medicine.

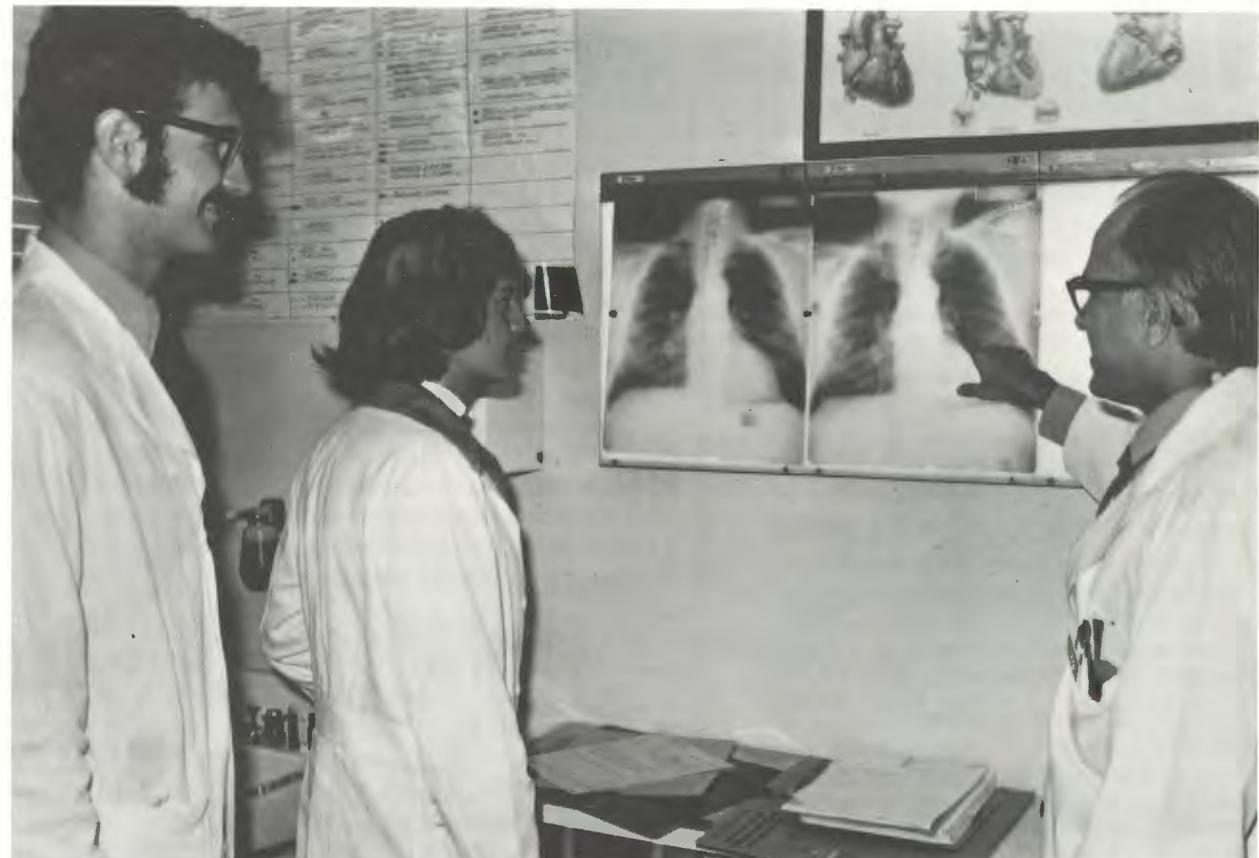

The students who participated in the Deborah program also feel they have gained tremendously through their summer experiences.

In the program, Baum and Mingle were treated essentially as fourth-year medical students. They made "rounds" with physicians in order to develop diagnostic abilities and followed rotation schedules similar to those of regular medical students.

(Continued on Page 4)

Kim Norris, shown working on a shark in the chordate lab on campus, spent 10 weeks this summer in the Research Participation Program in Science at Roswell Park Memorial Institute, Buffalo, N.Y., one of the world's leading cancer treatment facilities.

Dr. Panambur N. Kini (right), a physician in the out-patient clinic of the Deborah Heart and Lung Center, Browns Mills, N.J., points out a possible cancerous mass in lung x-rays to Juniata seniors David Mingle and Beverly Baum.

Presidential Interview

Dr. Binder Lauds Alumni, Urges Continued Dedication

EDITOR'S NOTE: While last month's Bulletin featured the background of Dr. Frederick M. Binder, Juniata's eighth and newest president, we would like this month to provide additional breadth to our profile. We offer, therefore, the following interview, conducted early this month.

BULLETIN: To begin with, you have spoken often of your strong belief in "the good, small, liberal arts college approach." Within the framework of that belief, would you please explain that approach?

DR. BINDER: First of all, I believe in this approach to undergraduate education only if the college is academically strong, intellectually responsible, and blessed with a faculty and staff which is personally committed to the educational growth and dignity of the individual student. This combination of factors, in my view, can be found most consistently in American higher education in the liberal arts college.

Most of these colleges, usually free-standing but sometimes within the university, usually private but sometimes public, are by their very nature small in size, academically viable, and dedicated to liberal learning.

It is a myth that these liberal arts colleges are nebulous in purpose and are not career oriented. Career education through the liberal arts and sciences has been the main source of strength of these colleges since their inception. Career preparation in the medical sciences and health fields, for teaching on all levels, for graduate study in dozens of fields, for business, social services, the ministry and law began and still begins with the liberal arts college.

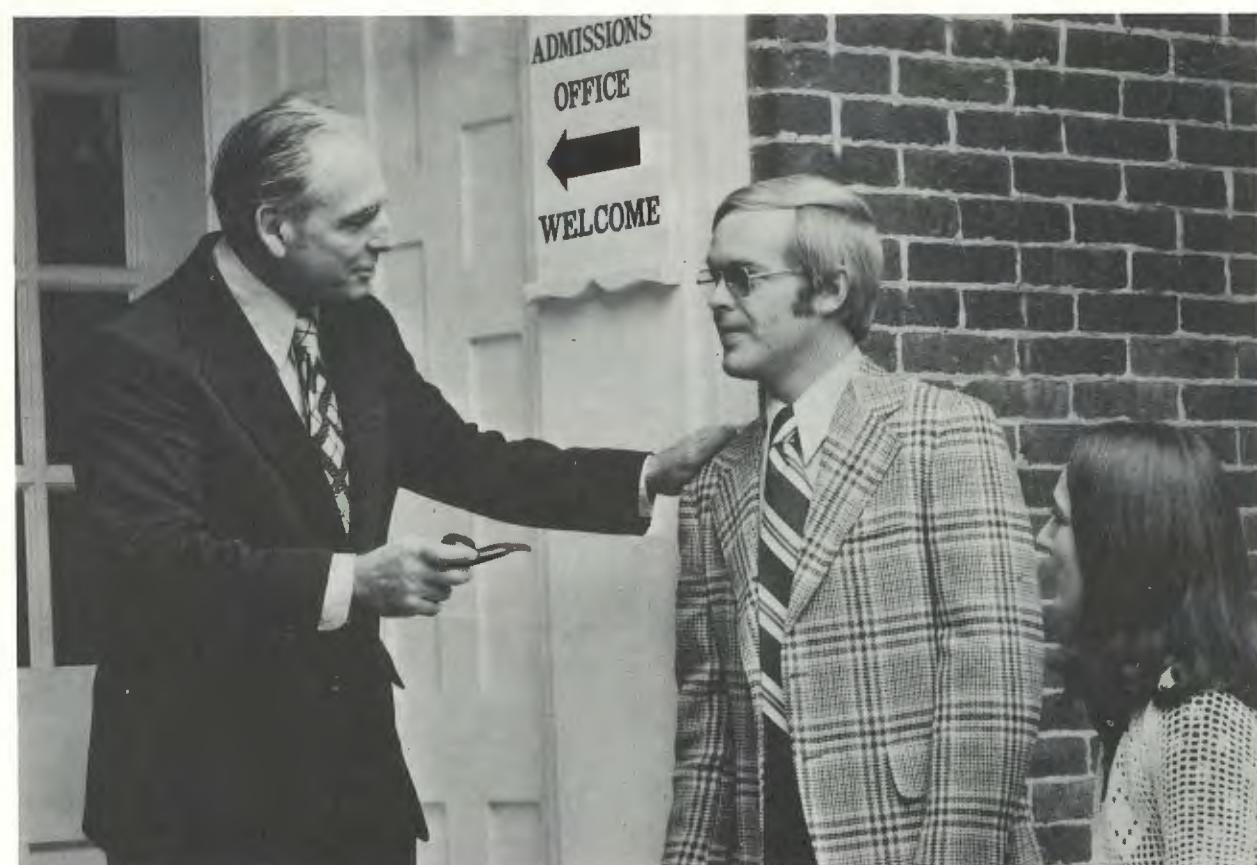

BULLETIN: You also mentioned, when accepting your new appointment, several specific qualities which drew you to Juniata. Would you care to reiterate them, please?

DR. BINDER: Juniata is an outstanding small liberal arts college. Its location, its academic reputation and long and venerable educational traditions, its committed faculty dedicated to teaching and the individual student, and a supportive board of trustees combined to influence my decision. I consider it a privilege, in fact, to have been asked to serve as president of such a distinguished institution.

BULLETIN: All this strength notwithstanding, we're sure you see a number of concerns which demand the most immediate attention both from you and from the College as a whole as you begin your presidency. Which do you consider most pressing?

DR. BINDER: Problems in higher education today will not disappear by our closing our eyes and tossing a penny into the nearest wishing well. Difficult problems face all of American higher education, and these problems are often especially acute in the private sector.

On the Juniata campus, our first concern must be with admissions and retention. I combine the two because I believe them to be especially significant to the life and health of Juniata. We must intensify our student recruitment and successfully compete with other colleges and universities in the academic market place, not only for more students, but for academically qualified

Having cited admissions as "a first concern" early in his administration, President Binder is pictured with A. William Asendorf '65, newly-appointed director of admissions, and Gayle W. Kreider '68, admissions counselor and coordinator of on-campus admissions programs, outside Founders Hall.

young people of good character. Then, when they arrive, we must as a college make every effort to provide them with the kind of physical environment, academic rigor, and cultural and social programs which prompt them to remain with us.

This does not imply by any means a lowering of standards or a "wide-open campus." It implies, rather, mature conduct, strong advisement, creative programming and high expectation of performance by students and faculty alike in the classroom and laboratory.

We must really believe and make come true the tired old phrase "Juniata is a good place to be." It must become, in our students' minds, *the best place to be* for those four magic years which constitute an undergraduate education.

In addition, we are beset with the national problem of inflation. This means rising costs which affect each one of us through tuition, room and board charges, supplies, utilities, postage, salaries and benefits. The student and his family will continue to share these rising costs, but the College, through friends and alumni, must redouble at once its efforts to provide more scholarship monies and endowment funds to insure continued quality education at Juniata.

Thus, to summarize, the most obvious and pressing problems we face are recruitment in an ever-shrinking applicant pool and long-range support funds to maintain a strong faculty and attract excellent students.

BULLETIN: Within the context of these concerns, where and how might alumni best devote their efforts?

DR. BINDER: On several occasions during the past two months, I have had opportunities to speak to alumni both in groups and as individuals. They are well aware of these problems. The general attitude of the alumni leadership is, in fact, to look upon these problems as opportunities — opportunities to help through personal involvement in the admissions process and through alumni dedication to Juniata as proven over the years. This proven dedication was especially evident last year, as alumni established one of the highest percentage giving records in the nation.

BULLETIN: You have spoken on several occasions about alumni attachment and loyalty to the College, and about the "responsibility" growing out of these factors. Would you please expand?

DR. BINDER: Alumni loyalty and attachment to Juniata is a remarkable phenomenon. The average nationwide giving percentage is 18%, I believe, while Juniata's exceeds 49%. Alumni are proud of Juniata, and well they should be. Pride of this kind does not "come before a fall," however, but rather breeds healthy confidence.

Pride in being a Juniatian is free from arrogance. Still, it is infectious. It extends to spouses who did not attend the College, and is evident in members of the faculty and staff who studied at other institutions but "relate" in an affectionate way to Juniata. I often hear these faculty and staff referring not to "the College," but to "our College."

Our alumni show concern for the progress of the College in many ways. As a group and as individuals, they believe in the liberal arts, in the small residential college, and in the moral fiber, intellectual honesty and religious tradition of Juniata. To them Juniata is not just a good place to have been — it is the best place both then and now. They achieve responsibility to Juniata by conveying this to everyone they meet: to high school students, friends, associates, patients and clients. They spread the word, involve others, and work for the common good of an institution to which they owe much.

BULLETIN: In a similar vein, you have also said "Juniata can only become as good as the collective and individual achievements of its alumni." Would you care to expand upon that?

DR. BINDER: Let me turn my last phrase around: not only does the individual alumnus owe much to the College, but Juniata is what it is because of its alumni. Thus, the College owes much to them. The individual success of each graduate helps form the collective pattern of pride and accomplishment. Our graduates are our only product. They have been, for a century, distinguishing themselves honorably in the professions, business and the arts, thus helping earn and maintain Juniata's reputation as a fine educational institution. The faculty and staff of Juniata are dedicated to this concept, and this is what makes the College a very special place.

BULLETIN: In your Convocation address this fall, finally, you issued what you termed "A Challenge for Juniata's Second Century." Would you care to re-issue it here?

DR. BINDER: That challenge, which employed the definition of "challenge" as a call or a dare, a demanding task needing special effort or dedication, asked that each student and member of the faculty and staff involve himself in patterns of lifelong learning, beginning here and now at Juniata.

No matter how excellent a college or university claims to be, if it produces a graduate who believes his or her education is completed when the diploma is presented, that institution has failed to achieve its major reason for being. It is absolutely essential that meaningful education results in the intellectual curiosity which leads men

JUNIATA

JUNIATA COLLEGE BULLETIN
VOLUME LXXIV/NUMBER 2

The JUNIATA COLLEGE BULLETIN is published eight times a year (February, April, May, June, September, October, November and December). Second Class Postage paid at Huntingdon, Pa. 16652. Send Form 3579 to Juniata College, 17th and Moore Streets, Huntingdon, Pa. 16652.

The JC Bulletin is designed and produced by the Offices of Alumni Affairs and Public Information: Charles R. Pollock, editor; Debra L. Peterson '74, assistant; Clayton N. Pheasant '65, director of alumni affairs; Chris Umble '74, class notes editor; M. Jane Cook, Barbara M. Rowe and Mary Ellen Lloyd, editorial assistants.

(Continued on Page 6)

CLASS NOTES

By Chris Umble '74

1933

J. DONALD GUISLER has announced his retirement as sales coordinator for Mead Products Corp. following 42 years of service to the firm. VIRGINIA SMITH has retired from 22 years of teaching, the last 14 of which have been spent with the Cocalico (Lancaster Co.) District.

Nancy Vobecky '68

Dr. Clyde Gwinn '70

1934

DOROTHY E. WHITTAKER was recently honored at a dinner celebrating her retirement from teaching at Alfarata Elementary School in Huntingdon.

1937

NANCY E. WRIGHT was honored recently by the faculty and staff of the Alfarata Elementary School in Huntingdon at a dinner on the occasion of her retirement.

1942

REV. and MRS. EARL SNADER are working together as an ambulance crew for the Pine County (Minn.) Memorial Hospital. Rev. Snader is pastor of the United Church of Christ in Sandstone and the United Methodist Church in Finlayson.

1947

WILLIAM R. NORRIS, a native of Huntingdon County, is retiring after 30 years in education, 19 of which were spent in Huntingdon County schools. Since 1954, the Norris family has been in Florida, where Norris worked in school administration.

1950

CHARLES R. DILLEN has been appointed to the Arbitration Committee of the National Freight Claim Council of the American Trucking Associations, Inc.

HARRY W. HAGMEIER has been appointed Southwest Branch Manager of the Textile and Industrial Groups of Owens-Corning Fiberglas Corp.

DR. and MRS. JAY E. FLECK, JR. recently celebrated their 25th wedding anniversary.

J. DONALD BRANDT, of the Wilmington News-Journal papers editorial board, has been named public editor for the newspaper.

1953

J. PAUL GOOD was named the "1975 Protestant Man of the Year" at the annual spring banquet of the Organization of Protestant Men.

1955

DENNIS I. DEEGAN has been named product design coordinator of the Fine Paper Division of Westvaco Corp. in New York.

1957

JOHN W. STALEY, vice president of Pittsburgh National Bank, has been appointed regional vice president of the Community Banking division of PNB.

1958

FRANCIS B. TOWNSEND, JR. has been appointed president of F.B. and B. Associates, Inc. of Lancaster, a labor relations consulting firm.

1960

RICHARD H. HILTNER has been elected vice-president of marketing with Disposables Marketing Services Corp.

1962

ELANIE SPENCER SAPORITO has been appointed public relations director of the Jan Nagy Modeling and Finishing School. A professional model, Elanie is a graduate of LaFemme Modeling and Finishing School.

1964

BARBARA GOLDEN LAUBSCHER and her family have moved to North Wales, Pa. Her husband Bill is employed by Univac in Blue Bell, Pa.

1967

PETER ALAN SCHAEFER recently received his Ph.D. degree from Rutgers University.

named head basketball coach. Mark lettered in basketball three years while playing at Juniata.

KARL LANG has received the nomination of both the Republican and Democratic parties for the position of district justice in Huntingdon Magisterial District 2. Karl defeated the incumbent and two other candidates in last spring's primary.

BARBARA STEIBER graduated recently from Harrisburg Hospital's School of Medical Technology.

MARRIAGES

ELAINE VERNE BECKER '75 and KEITH LEWIS JONES '75, August 9, York, Pa.

Mary Elizabeth Byrnes and THOMAS EDWARD KNACKSTEDT '75, August 16, Harrisburg, Pa.

Margaret Marie Casey and WILLIAM JAMES McGRATH '75, August 16, Scranton, Pa.

BONITA MARIE ROHLAND '75 and MICHAEL STEVEN SMITH '75, June 7, Milroy, Pa.

DEBORAH EILEEN EVANS '74 and Richard Charles Smith, Jr., August, Carlisle, Pa.

PAMELA RHEA McCLOSKEY '74 and Jr. Ensign Lyman Peters, June 7, York, Pa.

Jean E. Witherspoon and SAMUEL WILLIAMS STEVER '74, June 28, Tyrone, Pa.

LYNNE OWEN WOLFORD '74 and DONALD JAMES STERLING '73, August 24, Duncannon, Pa.

SUSAN JOANN LYTER '73 and Harris Westcott Vayo, July 26, Port Royal, Pa.

Kathryn Yvonne Fisher and REV. ERIC HAYDEN WOODWORTH '70, September 13, Abington, Pa.

DIANNE BOMBAUGH '68 and Laurence E. Bayless, July 19, Athens, W. Va.

MYRA ELIZABETH CLAAR '60 and Dr. Merle James Thomas, July 5, Leamersville, Pa.

BETTY MILLER GRIEST '43 and Paul H. Glenny, August 16, Corning, N.Y.

BIRTHS

Samantha Anne, born to MR. and MRS. RANDALL E. MCCOY '75, September 8.

Lisa Elaine, born to Thomas and BARBARA WOLFE FURJANIC '70, August 18.

Michael, born to ANNE KENT BABB '68, January 19.

Barbara Elizabeth, born to DOROTHY COOK COADY '68, August 5.

Sarah, born to Richard S. and VIRGINIA B. JONES '68, May 8.

Jeremy Paul, born to Hauer and LINDA ROBBINS STEPHENS '68, Dec. 8, 1974.

Melanie Verdean, born to Alan and VERDEAN CAGE KEYSER '67.

Laura Emily, born to REV. and MRS. PETER B. GRANDY '66, July 15.

Alexander David, born to MR. and MRS. JEFFREY H. JOHNSON '65, August 17.

IN MEMORIAM

EMMA STUTZMAN LOWMAN '10, June 18, Johnstown, Pa.

HELEN DAVIS WRIGHT '15, September 19, Johnstown, Pa.

NED WALLACE HILL '25, June 30, Placerville, Cal.

EVA BELLE FILSON WHITE '29, August 3, Burnham, Pa.

REV. LEVI K. ZIEGLER '29, July 19, Portland, Me.

DONALD C. STEVER '30, August 15, Huntingdon, Pa.

ADEN W. MUSSER '49, April 29, Philipsburg, Pa.

MEMBERS OF THE CLASS OF 1967 who spent their junior year in Strasbourg, France, with the Brethren Colleges Abroad program met this summer in Lancaster for a 10-year reunion. Seven of the 10 Juniata students who spent the 1965-66 academic year in Strasbourg attended the weekend event in July. They were joined by students from Goshen and Elizabethtown who had also lived in France, and plans have been made for another reunion in 1977, coinciding with the 10th class reunion of the Juniata graduates.

Pictured above, the reuners included, front row, left to right: JIM SAUNDERS '67; Robin Saunders (who studied in Strasbourg with the Florida program) and son John; Sandra Kennedy, Goshen '67, and daughter Kara and son Kevin; and FRED IBBERSON '67. Back row: RANDALL HALTER '67; SUE GRAYBILL '67; Marian Reed, Elizabethtown '67; JANET KAUFFMAN BORLAND '67; MAXINE PHILLIPS '67; and MYRNICE McCORMICK RAVITCH '67.

SUE GRAYBILL, now of West Wales, Pa., spent two years as a Peace Corps volunteer in Korea, recruited for VISTA, and taught at Roosevelt University in Chicago. She is currently employed as an area supervisor with Hickory Farms. HALTER, who taught high school French in Coudersport for eight years, will enter McGill University this fall to study library science. He currently resides in New Buffalo.

IBBERSON, now of Carrboro, N.C., received his M.A. in French and is completing his Ph.D. in romance philology at the University of North Carolina. He served in the Army from 1969-71. MRS. BORLAND, who resides with husband James and their two sons in Hudson, Mich., received her M.A. and Ph.D. in English from the University of Chicago, and has taught at the University of Illinois at Chicago Circle, at Hillsdale College, and at Adrian College.

MRS. RAVITCH is currently involved in genetics research at the University of Rochester. She received the M.S. in public health from the University of North Carolina, and has worked as a parasitologist at a New York hospital and an immunologist at Stanford University. MAXINE PHILLIPS, now of New York City, is conference and public information consultant for the Child Welfare League of America. She received the M.A. in journalism from Syracuse University and served for three years as editor of Mental Hygiene, the journal of the National Association for Mental Health.

SAUNDERS, finally, holds an M.A. in French and an M.A. in education and currently teaches French at the Nether Providence Middle School. He, Robin and John reside in Media. (Photo by Brian Kennedy)

LAST CALL

The questionnaires for Juniata's Alumni Centennial Directory, copies of which were included in the April Bulletin issue, are urgently needed in order to insure timely completion of the book. Complete the forms (you got a second if you hadn't returned the first right away), and rush them off to the Office of Alumni Affairs. Guarantee your inclusion in this very special listing — mail your response today.

AROUND CAMPUS WITH FACULTY AND STAFF

■ Five members of the chemistry department — DR. PAUL D. SCHETTLER, JR., DR. DALE L. WAMPLER, DR. DONALD J. MITCHELL, DR. CHARLES L. LERMAN and DR. JUDITH W. LERMAN — attended the annual conference of the Middle Atlantic Association of Liberal Arts Chemistry Teachers conducted Oct. 3-4 at the Millsop Leadership Center in Bethany, W. Va. Dr. Mitchell, president of the organization during the past year, organized the annual meeting.

■ SALLY L. PENNINGTON, director of the college center, is serving a two-year term as chairman of the Performing and Visual Arts Committee of the Association of College Unions-International, one of the oldest intercollegiate educational organizations. International in scope, the association has more than 800 member colleges throughout the United States and eight foreign countries.

■ Director of athletics WALTER NADZAK, JR. attended a special NCAA convention on "Economy in Athletics" in Chicago this past August. He serves as a member of a committee composed of four college presidents, four faculty representatives and four athletic directors from each of the NCAA's three divisions which met prior to the conference to establish the agenda and initiate proposals.

■ "Research on Petroleum, Natural Gas and Oil Shale — The University's Role" was the theme of a National Science Foundation-Research Applied to National Needs conference attended by DR. DALE L. WAMPLER, professor of chemistry. The scientific gathering was held Oct. 20-21 in Golden, Colo.

■ During the past summer, DR. MILTON M. da SILVA, assistant professor of political science, was a visiting scholar at the Inter-University Consortium for Political Research at the University of Michigan, Ann Arbor. While there, he attended seminars on the application of statistical techniques to political research.

■ A Faculty Fellowship in Science has been awarded to DR. DONALD J. MITCHELL, assistant

professor of chemistry, by the National Science Foundation (NSF). Mitchell's application was among 598 submitted to the NSF and was one of 93 accepted. His NSF grant will provide Dr. Mitchell with the opportunity to engage in research on the gasification and liquification of coal at the University of Sheffield, England, next year.

■ REV. M. ANDREW MURRAY, the campus minister, recently departed from his usual "spiritual" duties in order to help crew a 42-foot sailboat being moved from New York to Norfolk, Va., for winter harbor on the Chesapeake.

■ DR. J. PETER TREXLER and DR. ROBERT H. WASHBURN participated in the 40th Annual Field Conference of Pennsylvania Geologists, Oct. 2-4. Hosted by the Pennsylvania Geological Survey, the field conference provided geologists with an opportunity to examine some late glacial deposits in northeastern Pennsylvania.

■ DR. KLAUS KIPPHAN, associate professor of history, was among a group of European and American historians who attended an international symposium on "The Murder of Matteotti and the Rise of Italian Totalitarianism" held at Columbia University, Oct. 2-4.

AROUND CAMPUS WITH STUDENTS

■ PERRY L. HABECKER, a senior biology student from Lebanon, has been named the recipient of the William A. Schlichter Award. Granted to a senior man on the basis of his record for the first three years at Juniata, the award acknowledges high academic achievement, Christian character, dedication to Juniata and promise of future usefulness. Habecker is a member of the Concert Choir, the College Band, the college's Honor Society, the Juniatian staff and the Academic Standards Committee. He also serves as vice-president of Beta Beta Beta, the national biological honor society.

Perry L. Habecker '76

■ Five seniors with programs of emphasis in the field of political science are engaged in public administration internships during the fall term. A new endeavor by the political science department, the program allows students to receive one, two or three units of academic credit for their internships, depending on their schedules and course loads. Participants in the project and their bases of operation include: DON F. BROSIUS of Ebensburg — Winchester, Va.; BARBARA L. KOŠIK of Moscow — Huntingdon County Planning Commission; WILLIAM J. THOMPSON of Lancaster — Fairfax County, Va.; MICHAEL J. TOMS of Waynesboro — State College; and STEPHEN C. TOWNSEND of Willow Street — Huntingdon Borough Manager's Office.

■ In keeping with the internship approach, the political science department has also initiated an internship in law program. Four Juniata students have been placed with Huntingdon law firms for 10 weeks this fall in order to gain first-hand experience in the law profession: DANIEL E. P. BAUSHER '77, Wyomissing; STEVEN J. HOLSINGER '76, Lewistown; MICHAEL L. McELHINEY '76, Murrysville, and LOWRY E. WHETSTONE '76, Martinsburg.

AND VISITORS, TOO

■ The HARTFORD CHAMBER ORCHESTRA, making its first tour outside the New York/New England area, opened the 1975-76 Juniata Artist Series in Oller Auditorium Sept. 24. Founded in 1971 by conductor-director Daniel Parker, the orchestra is fashioned after those of the 17th and 18th centuries, when instrumental music was first popularly performed in concert. Its program

included works by Frederick the Great, Edward Elgar, William Grant Still, Domenico Cimarosa and Mozart, and featured oboe soloist LOUISE WAITE.

This year's Artist Series, which will help to celebrate Juniata's centennial and the nation's bicentennial year, will offer five more evenings of music, theatre and dance. Remaining series performances will feature dancer EMILY FRANKEL, Oct. 28; pianist ROBERT SWAN, Jan. 16; THE WORLD OF JELLY ROLL MORTON, Feb. 12; THE NEW YORK THEATRE COMPANY performing *THE FANTASTICKS*, Mar. 17; and THE NATIONAL PLAYERS performing *AH, WILDERNESS*, Apr. 28.

■ The oil crisis, the cost of energy independence, and other energy-related concerns were key topics of discussion when Juniata hosted two top executives from Continental Oil Company Oct. 15-16. Highlights of the visit by WILLIAM R. TOLLER, world-wide manager of transportation, and CHARLES B. CLEAVER, Southern Division manager of transportation, included classroom meetings with students and faculty members, a public address, a press conference with area media personnel and a television taping.

■ ARCHIE E. ALBRIGHT, JR., a man who has had three distinct careers — lawyer, corporate executive and investment banker — spent five days in mid-October on campus as a Woodrow Wilson Senior Fellow. While at Juniata, Albright discussed careers, business and the stock market with students and faculty and offered public lectures on personal investments and the stock market.

■ Some 75 librarian-members of the Area College Library Cooperative Program of Central Pennsylvania, representing 17 colleges and universities, attended the ACLCP fall meeting, hosted by Juniata Oct. 17.

Research Programs . . . (Continued from Page 1)

Among the departments in which they studied were the out-patient clinic, where they had the opportunity to supervise patient examinations; pathology; and surgery, where they viewed open heart surgery. In the cardiocatheterization laboratory, they learned to interpret electrocardiograms, x-rays and vectorcardiograms. They also learned about exercise testing, used to determine the presence of heart disease.

Both students have commented on the large amounts of time they spent in the medical library. The preparation was necessary, they explain, in order to keep up with the doctors, to recognize symptoms and diseases they observed, and, in general, "just to know what was going on." They were exposed to large quantities of advanced-level material, but both felt their Juniata background helped them to keep up.

Dr. Alden Gooch, director of clinical cardiology, coordinated the program and supervised the two Juniatians and their individual research projects. Baum and Mingle were for the most part "on their own," however, regarding where they went and what they studied at Deborah.

Baum's probe was entitled "The Impact of Cardiac Catheterization on the Adult Patient" and dealt with the definitive diagnostic tool in determining the severity and location of heart disease. Through basically psychological study, Baum was able to show this process to be a potentially traumatic experience for patients.

As a result of her study, it is reported that Dr. Gooch is planning changes in the use of the diagnostic tool, and will devote more time to the psychological preparation of patients before exposure to testing.

Mingle investigated "The Malar Flush in Mitral Stenosis," a type of redness occurring on the faces of patients with that particular heart disease. Through his study, he found the flush to be much more common than had previously been suggested.

Juniata is the only college involved in a cooperative program with Deborah. Initiated through the efforts of Barnard C. Taylor, former director of public information, and Dr. Donald J. Mitchell, assistant professor of chemistry, the program is in its third year.

Kenneth B. Kurica '74 became the first participant in the summer of 1973, while Richard B. Taddio '75 followed the next year. Both students published papers prepared at Deborah in cardiology journals.

This summer marked the third consecutive year, further, in which a Juniata student was chosen for the Roswell Park program. Steven M. Sachs '74 was the first, and Gregory L. Gruber '75 the second. While working at Roswell Park, Sachs received the distinguished student research award.

In addition to their summer research involvements, Norris, Baum and Mingle are extremely active on the Juniata campus.

Norris, who was named twice last year to the dean's second list, is a member of the Juniata Honor Society and Beta Beta Beta, the national biological honor society. She has lettered in both field hockey and women's basketball, is active in the intramural program, and serves as a sportswriter for the Juniatian, the student newspaper.

Baum, who received the Viktor Kamkin Book for excellence in Russian studies last spring, was also named to the dean's list twice last year. She is a member of Scalpel and Probe, Juniata's biology and pre-med society, and Beta Beta Beta, and also participates in the intramural program.

A recipient of a Charles C. Ellis Memorial Scholarship, Mingle is active in the Inter-Varsity Christian Fellowship, the college band, the Caving Club and intramurals. He was named to the dean's first list in 1975.

Trustees Announce \$1-Million "Challenge '76" Program

"Challenge '76," a matching gift incentive program designed to raise \$1 million for the Juniata Centennial Fund, was announced by the College's Board of Trustees at the Anniversary Dinner during recent Homecoming Weekend festivities. More than 500 alumni and friends of the College were present at the dinner.

Trustee Joseph R. Good '33, a resident of Hollidaysburg and former president of the Hollidaysburg Trust Co., spoke on behalf of Dr. John C. Baker '17, chairman of the board. Good introduced the challenge saying, "The trustees will match, dollar for dollar, all gifts received by alumni up to \$500,000."

"Juniata's leadership," he continued, "is willing to provide a \$500,000 gift to the College if alumni and friends are willing to do likewise."

Challenge '76 will enable the college to move within \$600,000 of the ultimate goal for its eight-year "Margin of Difference" campaign. Initiated in 1968, the Margin of Difference is designed to raise some \$10.1 million by 1976, the College's Centennial Year. To date, more than \$8.5 million has been committed to the effort.

The Centennial Fund, with commitments now exceeding \$3.4 million, is the third and final phase of the Margin of Difference campaign. Launched in 1973, its goal is \$5 million.

The first two Margin of Difference phases, 1968-69 and 1969-72, raised some \$5.3 million for endowment, support of teaching and construction of Ellis Hall, the student center.

Dr. Frederick M. Binder, new Juniata president, praised the Board of Trustees for its dedicated leadership and continued financial support. He noted that the board, which numbers less than 30 members, has already contributed \$1.7 million to the Margin of Difference effort.

James R. Donaldson '67 (left) presents the award as Outstanding Class Agent for 1974-75 to the Rev. Donald L. Robinson '51. Robinson, who increased his classmates' participation from 41 to 71 percent last year, will serve as vice-chairman for the 1975-76 Annual Support Fund. Donaldson is serving as chairman.

Donaldson to Chair Support Fund

With James R. Donaldson '67 taking the reins as chairman, the Annual Support Fund at Juniata will seek to reach a record goal as the College marks its Centennial Year. The 1975-76 fund, Juniata's seventh such effort, will seek to raise \$150,000, some \$20,000 more than last year's campaign.

Donaldson, who is manager for marketing analysis and planning with AP Parts, Toledo, O., officially assumed his support fund post as a number of class fund agents met on campus during Centennial Homecoming Weekend, Oct. 11-12. The hard-working agents, formally gathering in the Shoemaker Galleries Saturday morning, exchanged ideas, discussed ways of meeting their goals, and reviewed last year's effort.

Barbara M. Rowe, director of the Annual Support Fund, reported results of the 1974-75 campaign, which had helped boost alumni giving for the year beyond 49 percent—one of the highest figures in the nation. Through its several giving programs, the College will this year seek to elicit a 50 percent response.

In special recognition at the agents' meeting, the Rev. Donald L. Robinson '51 of Reading, who will also serve as Support Fund vice-chairman for 1975-76, was honored as the Outstanding Class Agent for

1974-75. Robinson had increased the participation of his class from 41 to 71 percent.

Following a welcome from President Binder (whose respect for Juniata's alumni giving record is chronicled in his interview in this issue), the agents also received a Centennial Fund progress report from Foster G. Ulrich, Jr., executive director of development.

Agents attending the meeting included Jack E. Oller '23, Helen Hess Mierly '25, Dr. Telford B. Blough '27, Cyrus O. Caulton '29, C. Roscoe Wareham '34, Janet Claycomb Dodge '55, Jane Brumbaugh Gough '60, Robert Hueglin '63, Donaldson and Robinson.

A Coraopolis native, Donaldson also serves on the Commission to Plan for Juniata's Future. He assumed his position with AP Parts, a leading manufacturer of automotive exhaust systems and shock absorbers, in 1974. He had been manager of planning services with Leslie-Locke Building Products Co., Akron, since 1972. Both AP Parts and Leslie-Locke are divisions of the Questor Corp.

Prior to joining the Questor firms, he had also served as economic analyst with Firestone Tire and Rubber Co. He holds the master of arts degree from the University of Akron, and is married to the former Linda Clever.

Joseph R. Good '33 announces "Challenge '76."

Harold R. Brumbaugh '33, emceeing the Centennial Anniversary Dinner.

Juniata College Centennial Year Tours

HAWAII — Christmas Holiday

Charter with Philadelphia departure, including round-trip jet transportation with accommodations at the Ilikai Hotel and dinner six evenings on dine-around plan. Low-cost optional tours available.

CARIBBEAN CRUISE

Sail with the Norwegian Caribbean's M. S. Southward. Miami departure to Cozumel Island, Mexico, off the Yucatan peninsula; Grand Cayman Island; and Montego Bay, Jamaica. Special air/sea rates from Pittsburgh to Miami.

ZURICH

Charter with Philadelphia departure, including round-trip jet transportation with accommodations at the Hotel International. Day or half-day trips out of Zurich to Lucerne and Mt. Pilatus, Black Forest, Appenzell. Four-countries tour and Zurich cruise are low-cost options.

ALASKA — and the Canadian Rockies

Twenty-three day escorted tour from Vancouver, British Columbia. Includes Inside Passage cruise on Island Princess, Trail of '98, tour of Alaska and the Yukon. Return by luxury motor coach via Alaska highway and Canadian Rockies to include Banff and Lake Louise. Special air/train rates from Huntingdon to Vancouver.

Summer 1976 — Aug. 4-27

Spring 1976 — March 6-13

Summer 1976 — Aug. 4-27

Roundball Drills, Minus Williams, Draw 25 Hopefuls

With just four veterans and two starters returning for action this year, head coach Carl Meditch opened basketball drills at Juniata Oct. 15. The second-year Indian mentor, who led the Tribe to its first winning season since 1971 last year, welcomed 25 hopefuls to practice, including 19 freshmen and a transfer.

The Indian cagers, who open their season Dec. 1 at Bucknell, were the first winter team to open drills this fall. The Indian wrestlers, under 14th-year head coach Bill Berrier, were slated to begin their workouts Oct. 20, while the women's basketball squad, under second-year coach Ed Gargula, will take to the court in mid-November.

On the men's hardwood scene, where last year the Tribe was 13-12 and earned its first spot in the conference playoffs since 1970, the most noticeable loss is all-league forward Donnie Williams. The leading scorer in the Middle Atlantic Conference Northern Section last season, Williams left school in his junior year.

The only player who ever led the Tribe in both scoring and rebounding more than once, Williams did so three times. The holder of the Indian single-season rebound record (303), he ranked third on Juniata's all-time scoring and rebounding rolls in just three years.

Also gone are starting forward Bill Bickel, who had played two years at Brandywine Junior College, and starting guard Mark Jula, lost through graduation. Bickel and Jula were the Indians' second and third-leading scorers last year.

The starters returning are center Tim Tabor, a 6-4 senior from Niles, O., and guard Tim Brady, a 5-9 junior from Altoona. Tabor ranked second in rebounds and fourth in scoring for the Tribe last year, while Brady, who started only late in the season, ranked ninth in scoring and third in assists. The other Tribe veterans on hand this fall are 6-5 forward Don Martin, a senior from Pequea, and 6-1 guard Steve Rossi, a sophomore from Hollidaysburg.

"We are obviously young and inexperienced," notes Meditch, "and I surely can't make predictions. We have a lot of vacant spots to fill, and we'll work on defense and fundamentals. I'll simply look for the people who mature the fastest."

Among the leading freshman prospects, Meditch singles out four guards: Roger Galo of New Kensington, All-Section 9 at Valley High School, the WPIAL runner-up; Jody Fitzsimmons of Forest City, scoring champ of the Wayne League and honorable mention All-State; Randy Roberty from Pittsburgh's Penn Hills, the Section 7 MVP and a Prep All-American; and Karl Sclichter of Chambersburg, a member of the "Top Midstate 50." Yet another top guard, Altoona's Tom Bickel, transfers in from Penn State's Altoona campus.

Meditch also looks for front-line help from a pair of freshman forwards: 6-4 Doug Waszo from Jeannette and Hempfield High, another all-section pick; and 6-3 John Grzesiuk out of Pittsburgh's South Side Catholic, a member of the Class B All-City team.

One new opponent appears on the Tribe's non-tournament schedule this year. Allentown College will visit Memorial Gym Dec. 10. After brief absences, further, York and Messiah return to the Indian slate.

In tournament play, the Indians will journey to Bridgewater Dec. 12 and 13, facing either the hosts, Maryville, or Eastern Mennonite College in the first round.

As this Bulletin went to press, Berrier expected some seven veterans to report for wrestling drills. Coming off a 1-13 season, he too could offer no predictions.

Junior heavyweight Scott Simmons, the only Tribe grappler to finish last season with a winning record overall, was expected to lead the veteran attack. The 300-pounder from Churchville, the heavyweight champ in the Lebanon Valley Invitational, was 7-5 last winter, missing the last four dual meets with a badly sprained ankle. He also led the team in falls with six, and was pinned himself only once.

Other leading veterans expected for drills were sophomore Steve Harper (167), Clearfield; sophomore Brian Ashworth (134 and 142), Berwyn; senior Todd Price (190), Altoona; and junior Steve Shultis (177), Devon.

On the freshman front, Berrier looked for the greatest help from a pair of middleweights: Altoona's Larry Everhart, the District 6 and Northwest Regional Champion, and State College's Doug Edeline.

Again, only one new team appears on the Indian schedule. Frostburg State will visit College Hill Jan. 28. In tournament action, the Tribe will enter the Lebanon Valley Invitational, and will send its strength to the MAC Championships Feb. 20 and 21.

In women's basketball, finally, where just two seniors lettered last year en route to an 8-5 season, Gargula hopes for a strong veteran contingent. Junior center Mardi Frye (Delmont), the Tribe's leading scorer, should return with backing

from senior guard Cathy Dickey (Stoystown), senior forward Kim Norris (Huntingdon), and junior forward Jan Edgar (Royersford), the third through fifth-leading point producers.

The women will face two new opponents in their third varsity campaign: Pitt-Johnstown Jan. 14 and Feb. 16, and Franklin & Marshall Jan. 24.

Dr. Binder Lauds . . .

(Continued from Page 2)

and women to dedicate themselves to purposeful learning throughout their lifetime.

The growth of new knowledge promises many things to many people, but one thing is certain: much of the knowledge and training of today's student will be obsolete in 15 years. This is true not only in the pure sciences, the practical sciences and the medical sciences, but in business, government, social work, teaching, law and other professional pursuits.

"Operation Update" is the key to the full and satisfying life of the educated person. It is essential that the attitudes, sensitivity and skills which are necessary to engage in that operation be acquired here during the undergraduate years.

I believe that the current generation of students is more serious than its predecessors, consisting of purposeful, practical idealists, of those who can both dream and do. One of the most important trends in our economy, further, is the growth of the service industries: health care, the arts,

government, social work, law, education, even entertainment and religion. Here lies the core of greatness in a civilization, not simply in opulence and material goods. The opportunity is readily there to become a service-oriented generation.

It is not only the young, however, who must stand toe to toe with reality while still able to dream dreams. It is the educators, the administrators and faculty in our colleges, who must forsake old traditions and, while upholding excellence and standards, open their minds and classrooms to new approaches to education.

We must perfect new delivery systems, welcome the older and younger student and learn how to learn, how to generate independence of thought and emphasize skills, problem-solving and ways to deal with critical issues. We must be willing to move from the cloistered halls of academe into renewal experiences in business and research, assuming a role in the rhythm of lifelong learning.

At Juniata, much of this revolution in learning is underway: through an open curriculum with a basic core of balanced subjects, through research grants involving students, and through the close intellectual relationship of student and professor.

The College has, as I have said before, been in the business of career education through the liberal arts for a century, earning an enviable record nationally in sending young people to medical, graduate and professional schools. We have done much, but much remains to be done — through a new look at our curriculum, through expanded career counseling and placement, through business internships and community projects, through special arrangements with medical and graduate schools and hospitals.

Many of us are eager to get on with it, and with this special generation of students as companions in lifelong learning, the Juniata family can succeed in this task, which calls for "special effort and ultimate dedication."

JUNIATA COLLEGE CALENDAR OF EVENTS

CENTENNIAL YEAR 1975-76

JANUARY 1976

- Shoemaker Galleries exhibit: Jennifer Tucker display
- 4 Residence halls reopen, 1 p.m.
Dining hall reopens, 5 p.m.
Classes resume, 8 a.m.
Movie: "French Connection," Oller Hall, 8 p.m.
Skiing at Blue Knob
- 7 Men's basketball vs. Gettysburg, 8 p.m.
9 Men's basketball vs. Westminster, 8 p.m.
Movie: "Psycho," Oller Hall, 8 p.m.
10 Men's basketball vs. Upsala, 8 p.m.
Women's basketball vs. Susquehanna, 6:15 p.m.
12 Skiing at Blue Knob
Music Faculty Recital, Ellis Hall Ballroom, 8:15 p.m.
14 Men's basketball at Susquehanna (2), 6:15 & 8 p.m.
Women's basketball vs. U.P.J., 7 p.m.
16 Artist Series: "Robert Swan," pianist, Oller Hall, 8:15 p.m.
Movie: "Deliverance," Alumni Hall, 8 p.m.
Women's basketball vs. Messiah, 2 p.m.
19 Skiing at Blue Knob
20 Men's basketball at Grove City, 8 p.m.
23 Meditch's Minutes: Huntingdon Area Alumni Club, Faculty Lounge, Ellis Hall, 12 noon
Movie: "Caine Mutiny," Oller Hall, 8 p.m.
24 Wrestling vs. Gettysburg, 1 p.m.
Men's basketball vs. Wilkes, 8 p.m.
Women's basketball vs. Franklin and Marshall, 6 p.m.
26 Skiing at Blue Knob
27 Women's basketball at St. Francis, 6 p.m.
28 Wrestling vs. Frostburg State, 6 p.m.
Men's basketball vs. Lycoming, 8 p.m.
29 Women's basketball at Altoona, 7 p.m.
30 Wrestling at Messiah, 7:30 p.m.
31 Alumni Council meeting
Men's basketball at Albright (2), 6:45 and 8:30 p.m.
Women's basketball at Shippensburg (2), 1:30 p.m.
Movie: "Days of Wine and Roses," Oller Hall, 8 p.m.

DATES TO BE ANNOUNCED

- LECTURES**—Will Judy Lecture, Graybill Diehm Lecture, visits by two Woodrow Wilson Fellows.
- BIOLOGY**—Continuing education day for physicians, Centennial Celebration Weekend, May 1. Alumni in this profession, as well as local physicians, are encouraged to participate. Developed in cooperation with Jefferson Medical School.
- ECONOMICS and BUSINESS ADMINISTRATION**—Two alumni seminars on public accounting (winter term) and corporate law (spring term).
- SOCIOLOGY**—Two-day colloquy on the American Indian. Also planning series of Social Science Colloquia, three during winter term and three during spring term.
- GEOLOGY**—Symposium on "Opportunities in Geology," with contributions by geology alumni. Also, annual spring field trip.
- BEEGHLY LIBRARY**—Friends of the Library spring Board meeting; special centennial exhibits to be displayed throughout the year, such as the M. G. Brumbaugh Collection, displays of Treasure Room printings and memorabilia from Juniata's history.

DECEMBER

- Shoemaker Galleries exhibit: Charles Burchfield, Master Doodler
- 1 Classes begin, 8 a.m.
Registration, 8:30 a.m. to 5 p.m.
Movie: "Chinatown," Oller Hall, 8 p.m.
Men's basketball at Bucknell (2), 6 & 8 p.m.
3 Men's basketball vs. Susquehanna (2), 6:15 & 8 p.m.
5 Ferdinand Roten Galleries, Main Lobby, Ellis Hall, 10 a.m. to 7 p.m.
Movie: "Jimmy Hendrix," Oller Hall, 8 p.m.
Meditch's Minutes: Huntingdon Area Alumni Club, Faculty Lounge, Ellis Hall, 12 noon
Washington, D.C. Alumni Club meeting
- 5-6 Lebanon Valley Invitational Wrestling Tournament
- 6 Admissions Open House, 9:30 a.m. to 3 p.m.
Men's basketball at Lycoming (2), 6 & 8 p.m.
- 8 Dr. W. Arthur George of Pittsburgh Dental School to address Scapel and Probe
- 9 Wrestling vs. Susquehanna, 7 p.m.
10 Men's basketball vs. Allentown, 8 p.m.
Student recital by music department, Ellis Hall Ballroom, 8:15 p.m.
12 Movie: "Casablanca," Oller Hall, 8 p.m.
12-13 Men's basketball tournament at Bridgewater
- 13 Wrestling vs. Lebanon Valley, Widener and Delaware Valley, at Lebanon Valley, 12 noon
- 13-14 Theatre Production: "Happy Birthday Wanda June," Oller Hall, 8:15 p.m.
16 Men's basketball vs. California State, 8 p.m.
Madrigal Dinner, Baker Refectory
Movies: "What's Up Tiger Lily?" "The Night Before Xmas," Oller Hall, 8 p.m.
- 17-18 "A Child's Christmas in Wales" and other readings for the Christmas season, sponsored by the speech and theatre department, Shoemaker Galleries, 8:15 p.m.
- 19 Christmas Recess begins, 5 p.m.
20 Dining hall closes, 9:30 a.m.
Residence halls close, 10 a.m.
20-27 Alumni/Parents Tour to Hawaii
- 27 Juniata Dames Christmas Buffet, ground floor, South Hall, 7 p.m.

NOVEMBER

- Shoemaker Galleries exhibit: Paintings by Stanton Sears
- 1 Football at Delaware Valley, 1:30 p.m.
Cross country at Delaware Valley, 2 p.m.
Philadelphia Area Alumni and Friends Golf Outing
- 2-3 Alumni Seminar on Business Policy, sponsored by the department of economics and business administration
- 3 Dr. Samuel Conley of Jefferson Medical School to address Scapel and Probe Club
- 4 Cross country at Gettysburg, 4 p.m.
- 5 Social Science Colloquium: "The Validation of a Typology of Inmate Adjustment to Prison" by Lynne Goodstein, psychology instructor, Faculty Lounge, Ellis Hall, 3:45 to 5 p.m.
- 6 Modes movie: "Seven Samurai," Alumni Hall, 8:15 p.m.
- 7 Second Annual Invitational Conference on Current Problems in Science, Brumbaugh Science Center, 8:30 a.m. to 4:30 p.m.
Juniata Dames Square Dance, Blue Diamond Lodge, 8 p.m.
Movie: "Mean Streets," Oller Hall, 8 p.m.
- 8 Football vs. Wilkes, 1:30 p.m.
Cross country—MAC Championships at Philadelphia
- 10-Dec. 1 Alumni Tour to Africa
- 12 **Juniata Women's League: "200 Years of American Needlework and Textiles," Patricia Long, Shoemaker Galleries, 8 p.m.**
- 12, 13 Children's Theatre Production: "Marmalade Gumdrops," Oller Hall, 1 p.m.
- 14 Fall term classes end
Movies: "Freaks," "Jimmy Dorsey Orchestra," "News Parade," Oller Hall, 8 p.m.
- 15 Football vs. Clarion, 1:30 p.m.
- 15, 17-19 Final examinations
- 16 Reading Day
- 17 Movies: "Cabaret," "Munro," Oller Hall, 8 p.m.
- 19 Thanksgiving Recess begins, 5 p.m.
- 20 Dining hall closes, 9:30 a.m.
Residence halls close, 10 a.m.
- 30 Residence halls reopen, 1 p.m.
Dining hall reopens, 5 p.m.

MAY

- Shoemaker Galleries exhibit: Standing Stone Art League display
- 1-2 **Major theatre production: "Black Good Friday: A Lincoln Remembrance and Bicentennial Tribute," Oller Hall, 8:15 p.m.**
- 4 Wrestling vs. Altoona, 7 p.m.
Women's basketball vs. Indiana, 5 p.m.
5 Men's basketball vs. Indiana (2), 6:15 & 8 p.m.
6 Movie: "King of Marvin Gardens," Oller Hall, 8 p.m.
7 Florida Alumni Club meeting
Wrestling vs. Scranton, 1 p.m.
Men's basketball vs. Scranton, 8 p.m.
- 8 Juniata College Concert Band performance, Oller Hall, 8:15 p.m.
9 Women's basketball at Bucknell, 7:15 p.m.
10 Women's basketball vs. Altoona, 7 p.m.
11 Men's basketball at Elizabethtown, 8:15 p.m.

Golf at Elizabethtown, 1 p.m.
Baseball at Bucknell, 3 p.m.
- 14 Track at Dickinson, 3:30 p.m.
Women's tennis vs. Altoona, 2 p.m.
Spring Recess begins, 5 p.m.
Men's tennis vs. Elizabethtown, 2 p.m.
- 16 Dining hall closes, 9:30 a.m.
Residence halls close, 10 a.m.
- 17 **FOUNDERS DAY: JUNIATA'S CENTENNIAL ANNIVERSARY (Special observance set for May 1)**
- 19 Women's tennis at Dickinson, 2 p.m.
23 Golf vs. Dickinson and Elizabethtown, at Dickinson, 1 p.m.
24 Baseball vs. Albright (2), 1 p.m.
Track vs. Albright, 1 p.m.
Men's tennis at Scranton, 2 p.m.
25 Residence halls reopen, 1 p.m.
Dining hall reopens, 5 p.m.
Golf at MAC's
- 26 Classes resume, 8 a.m.
"Founding the Nation," special Spring term Human Existence-Historical course, begins
Baseball at Gettysburg, 3 p.m.
Track vs. Gettysburg and Lycoming, 3 p.m.
Men's tennis vs. Gettysburg, 2 p.m.
Women's tennis at Frostburg, 3 p.m.
- 28 Artist Series: "Ah, Wilderness," The National Players, Oller Hall, 8:15 p.m.
Men's tennis at Albright, 3 p.m.
Golf vs. Johns Hopkins and Gettysburg, at Johns Hopkins, 1 p.m.
30 Track at MAC's
Men's tennis at MAC's
Golf vs. Wilkes and Albright, 1 p.m.
Women's tennis at Susquehanna, 2 p.m.
Founders Day Tea
- 30-May 1 Spring Trustees meeting (tentative)
- Shoemaker Galleries exhibit: Centennial Display
- 1 **CENTENNIAL CONVOCATION, all day, Oller Hall area**
Museum open, 9 a.m. to 5 p.m.
Baseball at Wilkes (2), 1 p.m.
- 3 Baseball at U.P.J. (2), 1 p.m.
Golf at U.P.J., 1 p.m.
- 5 Baseball at Indiana (2), 1 p.m.
- 6 Women's tennis at Altoona, 3 p.m.
- 7-8 Men's tennis at MAC Championships
- 8 Baseball vs. Lock Haven (2), 1 p.m.
- 9-10 **Major theatre production: "The Contrast," Oller Hall, 8:15 p.m.**
- 10 Baseball vs. Penn State, 3 p.m.
Golf vs. Susquehanna, 1 p.m.
- 11 Juniata Women's League Spring Tea, Faculty Lounge, Ellis Hall
- 21 Spring term classes end
- 22, 24-26 Final examinations
- 23 Reading Day
- 28-29 Choral Production: The Verdi "Requiem," Oller Hall, 8:15 p.m.
- 28-30 Alumni Reunion/Commencement Weekend
- 29 Alumni Council meeting
Museum open, 9 a.m. to 5 p.m.
- 30 Commencement and Baccalaureate

Centennial Homecoming Weekend Huge Success; Anniversary and Football Dinners Lead the Way

Beautiful weather, historic events, memories shared and a challenge—all these plus much, much more combined this month on College Hill to make Juniata's Centennial Homecoming a "once-in-a-century" celebration.

More than 500 alumni and friends turned out for Saturday's Centennial Anniversary Dinner, where Dr. Harold B. Brumbaugh, master of ceremonies, and Dr. Earl C. Kaylor, Jr., guest speaker, delighted the crowd with stories of Juniata's first hundred years.

Other highlights of the dinner included the introduction of President Binder by C. Jewett Henry '29, chairman of the Trustee Presidential Selection Committee; centennial music performed by Mary Ruth Linton Myers '38, part-time associate professor of music, and several of her students; the unveiling of the Centennial Needlepoint project; and announcement of "Challenge '76" (see story, page 5). Look for a special feature about the Needlepoint project and contributing "stitchers" in the December issue of the Bulletin.

The oldest alumnus attending the dinner, a member of the class of 1910, was 89-year-old William L. Widdowson of Waynesboro. The Rev. Clyde E. Way '39 offered the invocation.

On Friday night, Juniata's gridiron greats of the past were honored with a Football Recognition Dinner. Special guests included six members of the first varsity team, the 1920 squad: Dr. J. Harold Engle '23, H. Glenn Cunningham '23, Dr. John B. Montgomery '21, Jack E. Oller '23, James I. Weimer '27 and the Hon. Richard C. Snyder '26.

Also honored were members of the 1955 team which traveled to the Tangerine Bowl: Charles "Moon" Mullen '57, Bob Sill '59, and Bill Waryck '56; and five Little All-Americans: Joe "The Toe" Veto '56, Mullen, Bill Berrier '60, Bill Crowell '64, and Peter Lentini '75.

Former Indian coach and director of athletics P. M. "Mike" Snider, who traveled in from Sun City, Ariz., was also a special guest, and Bill Germann '49 narrated films of the Tangerine Bowl.

A dozen former Homecoming queens took over Saturday morning, looking as lovely as ever as they rode in the parade. The theme for the colorful march through town was "100 Years of Juniata."

Peggy Brumbaugh Kerstetter of Woodland, Calif., the 1954 queen, traveled the farthest of the twelve, while Mary Lou Cannon Clapperton of Moorestown, N.J., the 1948 queen, boasted the oldest reign.

Other past queens appearing for the weekend were Connie Sherman Siren '51 of Pittsburgh; Doris Markey Sunderland '55, Camp Hill; Bonnie Meadows Robeson '58, Altoona; Elanie Spencer Saporito '61, Bethlehem; Lynnea Knavel Detwiler '62, Altoona; Dianne Heagy Greiner '65, Harrisburg;

Susan Loose Doyle, '66, Lancaster; Pamela Haskell Hardy '68, West Hartford, Conn.; Terry Burson Eline '72, York; and Karin Ritchie '75, Cherry Hill, N.J.

The Juniata College Band, providing Dixieland-style entertainment, rode on a flat-bed truck, while high school bands from Huntingdon, Southern Huntingdon and Kishacoquillas also marched. In the float competition among the four college classes, the freshmen walked off with the one-time-only Centennial Year Trophy, donated by the National Alumni Association and Dr. Brumbaugh.

Senior Nancy Molnar of Wyckoff, N.J., chairman of the Special Events Committee of the Center Board, coordinated all student involvement in Homecoming activities.

Other highlights of the weekend included a pre-game performance by the Alumni/College Band and Choir, under the direction of professor emeritus Donald Johnson; the crowning of senior Cherie Dettmar, Trenton, N.J., as the 1975 Homecoming queen; the president's reception; and a concert by folk singer Steve Goodman.

On the sports scene, finally, four Juniata squads picked up five victories in five tries. The gridders edged Susquehanna, 20-17; the cross country team topped Susquehanna, 21-34, and St. Francis, 26-29; the field hockey team picked up its first win, 4-1 over Lycoming; and the rugby club thrashed Indiana, 46-3.
